5th March 2025
Johnstown Estate, Co Meath

The Theme of Sustainability within the pharmaceutical processing and manufacturing sector has never been more important! For many years larger organisations have been realising the fact that environmental policies and energy efficiencies within processing is directly related to the bottom line! Reducing energy costs, carbon footprint and waste during the process of pharmaceuticals can have a significant impact on the profitability of a facility. Additionally, as pharmaceutical manufacturers and their clients supply chains becomes more and more entwined they find themselves under increased pressure to reduce their carbon footprint.

ICBE Conference 2025
Lyrath Estate Hotel, Kilkenny
27th March 2025

Exploring new and better ways of working that will bring improvements in the shortest time. At the Irish Centre of Business Excellence, our Members know that power is gained by sharing knowledge, not holding on to it. Because knowledge only reaches its true potential when we pass it on – and watch it multiply. Without a doubt, some of the most successful companies in the world are those who share, collaborate and practice free exchange of ideas.

Agile-Lean Ireland Summit
Johnstown Estate, Co Meath
1st May 2025

Agile-Lean Ireland (ALI) traces its roots to the Dublin Agile community from the early to mid 2010's. We have grown to become the largest Agile / Lean meetup group in Ireland with several thousand members. Our meetups have been a mix of presentations by local practitioners and international experts, workshops, lean coffee and lightning talks.

We were one of the first – possibly the first – to use videoconferencing to bring international experts to our local audience. In 2017 we established a conference. This has grown year on year and has been recognised as one of the best Agile conferences in the world by TechBeacon.

SemiCon 2025

1st October 2025 - Johnstown Estate
Co Meath

SemiCon 2025 monitors all ongoing and upcoming global semiconductor projects to help clients and companies identify new partnerships and opportunities. SemiCon 2025 encourages project teams to publish wins and best practices from each project so that we can learn from each other. We hear from industry leaders/speakers at the conference on risks, improvements, and lessons learned from the Semiconductor community. The SemiCon 2025 conference will gather and publish information that enables all involved in the Semiconductor manufacturing community and projects to improve project delivery.

To recognise and celebrate Enterprise Excellence in Ireland

23rd October 2025 - Johnstown Estate, Co Meath

The Lean Business Ireland Awards 2025 will take place in Johnstown Estate, Co Meath on the 23rd October. Primarily designed to recognise and celebrate enterprise excellence achievements in Ireland, the award's ceremony will also be an opportunity to socialise and network with other Continuous Improvement Teams. Whether a large, medium or small organisation, working in any sector or a government department; the Lean Business Ireland Awards are open to organisations that can demonstrate excellence in their strive towards a competitive operation and want recognition at a national level for that journey.

6th November 2025 - Johnstown Estate, Co Meath

The LCi Annual Conference – one of the leading Lean Construction conferences in the world. This Conference brings together our national community of learning and practice along with welcoming friends from all around the world. Here you will see presentations and plenary discussions from Clients/Owners, their Professional Service Providers, Contractors and their Associated Supply Chain, Lean Academics, and Lean Service Providers. The Conference is structured around LCi's strategic breakthrough objectives of Clients, Contractual Processes, and Capability Development, and stream presentations are kept succinct so as to optimise the opportunities for speaker and audience engagement and questions and answers. We hope you will join us at the Conference to engage with global good practices and thought leaders, and to network with your industry peers and colleagues.

ISO50001 Ireland 2025
30th November - Croke Park Stadium

ISO50001 Ireland 2025 will bring together delegates who are considering the transition to this International standard, but yet to make the journey. We have identified these companies through exhaustive research and considerable investment, making this event a must attend conference for any organisation working to achieve energy efficiency. In addition to the conference a small number of technology suppliers will be on hand to answer any technical questions our delegates and speakers may have.
